3.3 Sourcing Tool Tips

When working in the Sourcing Tool, be aware of the twenty minute time-out function. This means that you should save your work (click the SAVE button) at intervals of less than twenty minutes to ensure your entries since you last saved are not lost.

Please note that clicking the SAVE button within the Sourcing Tool only saves your bid responses. The SAVE button **does not transmit your bid response to the State**. In order to transmit your bid response to the State, you must click the **SUBMIT** button on the **SUMMARY** page of the bid response.

After hitting the **SUBMIT** button, it is your responsibility to check your submitted bid response within the Sourcing Tool to verify that your response is accurately and completely captured within the Sourcing Tool. You must do this while there is time remaining in the bidding period in case you discover an error and need to resubmit a revised bid response.

To validate your bid response, you should do the following before the bidding period ends:

1. Go to the “My Bids / My Responses” tab within Sourcing Tool after you submitted your bid response
2. Click on the Bid ID number of your last submitted bid response
3. Review entire bid response to make sure all responses are complete, accurate and as you intended to submit.

Minimum areas to check are:

- Text boxes – Is your entire answer viewable?
- Yes/No questions – Is the displayed answer correct?
- All uploaded document files / scanned documents – Can you open attached document and clearly view entire content?
- Offline electronic backup copy sent to the State (if applicable) - Can you open attached document and clearly view entire content? Does content of this file match your bid response within the tool (e.g., not an earlier version or working copy)?
- Pricing Information – Are all prices you intended to submit visible and accurately captured within Sourcing Tool?

It is strongly recommended not to wait until the last minute to save and submit your bid response.

3.4 Email Notification

Vendors are reminded that the Sourcing Tool’s email notifications are an option provided to bidders as a courtesy. The State of Florida is not under any obligation and does not guarantee that bidders will receive email notifications concerning the posting, amendment or close of solicitations. **Vendors are responsible to check the MyFloridaMarketPlace Sourcing Tool and/or the Vendor Bid System for information and updates concerning solicitations.**

3.5 Order of Precedence

Potential Bidders for this solicitation are encouraged to carefully review all materials contained herein and prepare bids accordingly. In the event any conflict exists between the Special and General Instructions, those instructions specified in the Special Instructions shall prevail. In the event any conflict exists between the Special and General Conditions, those conditions specified in the Special Conditions shall prevail.

All responses are subject to the terms of the following sections of this ITB, which, in case of conflict, shall have the order of precedence listed:

- Technical Specifications
- Special Instructions to Respondents
- Special Contract Conditions
- General Instructions to Respondents (PUR 1001)
- General Contract Conditions (PUR 1000)

- Introduction
- Forms

3.6 Who May Bid

The Department will accept bids from responsive and responsible Bidders that meet all requirements of this Invitation to Bid.

In furtherance of the One Florida Initiative, bidders are encouraged to seek the participation of certified minority business enterprises (CMBE). Information on the One Florida Initiative and CMBEs is available from the Office of Supplier Diversity at <http://osd.dms.state.fl.us>.

3.7 Execution of Bid

The bid shall include all appropriate forms located within the MyFloridaMarketPlace Sourcing Tool RFX Info Section and complete information within the MyFloridaMarketPlace Sourcing Tool Items Tab for this solicitation including pricing and related terms. Failure to provide all requested information within the bid package may result in rejection of the bid.

3.8 Submittal of Bid

Bidders will submit their final bid via the MyFloridaMarketPlace Sourcing Tool. In the event a Bidder submits more than one bid, only the last bid received by the MyFloridaMarketPlace Sourcing Tool shall be considered for award. Each Bidder is responsible for ensuring that its bid is submitted at the proper time. The Department shall not consider late bids and the MyFloridaMarketPlace Sourcing Tool will NOT accept bids after the due date and time specified in the Event Timeline, or as amended by the Department.

Bids must be submitted in the MyFloridaMarketPlace Sourcing tool by the date and time specified in the Event Timeline.

3.9 Amendments to the Solicitation Documents

The Department reserves the right to issue amendments to the solicitation. Notice of any amendment will be posted within MyFloridaMarketPlace using the message board and the Vendor Bid System. Such notice, if required, will contain the appropriate details for identifying and/or reviewing the formal changes to the solicitation. Each bidder is responsible for monitoring the sites for new or changing information concerning this solicitation.

3.10 Bid Evaluation Criteria

The Department shall evaluate eligible responsive bids. Bids that do not meet all requirements of this solicitation or fail to provide all required information, documents, or materials will be rejected as non-responsive. Bidders whose bids, past performance, or current status do not reflect the capability, integrity or reliability to fully and in good faith perform the requirements of the Contract may be rejected as non-responsible. The

Department reserves the right to determine which bids meet the requirements of this solicitation, and which Bidders are responsive and responsible.

3.11 Ordering Instructions/Contact Information

On the Ordering Instructions form located in the Forms Section of this RFX, bidders shall identify persons responsible for answering questions about the bid and administering the Contract and shall provide information necessary for placing orders under the Contract. Bidders shall also include a list of authorized dealers or service stations with mailing address, telephone numbers, email address, and URL. This document will then be uploaded back into the space provided in the Forms Section of this RFX.

3.12 Basis for Award

The Department shall award the Contract to the lowest priced responsive Bidder, per individual item, statewide.

The Department reserves the right to award all items to a single vendor or award to multiple vendors by item, category, or any other separable portion if deemed to be in the best interest of the State.

The Department reserves the right to accept or reject any and all bids, or separable portions, and to waive any minor irregularity, technicality, or omission if the Department determines that doing so will serve the State's best interest.

3.13 State Objectives (rev. 07/28/04)

Within thirty (30) calendar days following award of the contract, the successful bidder shall submit plans addressing each of the State's five (5) objectives listed below, to the extent applicable to the items/services covered by this solicitation.

1) One Florida Initiative: Florida is a state rich in its diversity. Governor Bush's One Florida Initiative is dedicated to fostering the continued development and economic growth of small and minority and women-owned businesses. Central to this initiative is the participation of a diverse group of vendors doing business with the state.

To this end, it is vital that minority and women-owned business enterprises participate in the State's procurement process as both prime contractors and subcontractors under prime contracts. Small and minority and women-owned businesses are strongly encouraged to submit replies to this solicitation.

To track the success of the One Florida Initiative, which has achieved substantial gains in extending opportunity to minority- and women-owned businesses, the State of Florida maintains data to establish benchmarks from which to measure supplier diversity in State contracting. Vendors who contract with the state are obligated to provide information related to the use of minority- and women-owned businesses and subcontractors.

The Contractor shall submit documentation addressing the Governor's One Florida Initiative and describing the efforts being made to encourage the participation of small and minority and women-owned businesses. Please refer to the Governor's "Equity in Contracting Plan" when preparing this documentation:

http://www.oneflorida.org/myflorida/government/governorinitiatives/one_florida/equity_contracting.html

Equity in Contracting documentation should identify any participation by diverse contractors and suppliers as prime contractors, sub-contractors, vendors, resellers, distributors, or such other participation as the parties may agree. Equity in Contracting documentation shall include the timely reporting of spending with certified and other minority business enterprises. Such reports must be submitted at least quarterly and include the period covered, the name, minority code and Federal Employer Identification Number of each minority vendor utilized during the period, commodities and services provided by the minority business enterprise, and the amount paid to each minority vendor on behalf of each purchasing agency ordering under the terms of this contract.

2) Environmental Considerations: The State supports and encourages initiatives to protect and preserve our environment. The Contractor shall submit as part of any proposal the Contractor's plan to support the procurement of products and materials with recycled content, and the intent of Section 287.045, Florida Statutes. The Contractor shall also provide a plan for reducing and or handling of any hazardous waste generated by respondent company. Reference Rule 62-730.160, Florida Administrative Code. It is a requirement of the Florida Department of Environmental Protection that a generator of hazardous waste materials that exceeds a certain threshold must have a valid and current Hazardous Waste Generator Identification Number. This identification number shall be

submitted as part of Respondent's explanation of its company's hazardous waste plan and shall explain in detail its handling and disposal of this waste.

3) Certification of Drug-Free Workplace Program: The State supports and encourages initiatives to keep the workplaces of Florida's suppliers and contractors drug free. Section 287.087 of the Florida Statutes provides that, where identical tie proposals are received, preference shall be given to a proposal received from a Respondent that certifies it has implemented a drug-free workforce program. If applicable, Respondent shall certify that the Respondent has a drug-free workplace program. The Contractor shall describe how it will address the implementation of a drug free workplace in offering the items of bid.

4) Products Available from the Blind or Other Handicapped (RESPECT):

The State supports and encourages the gainful employment of citizens with disabilities. It is expressly understood and agreed that any articles that are the subject of, or required to carry out, this contract shall be purchased from a nonprofit agency for the blind or for the severely handicapped that is qualified pursuant to Chapter 413, Florida Statutes, in the same manner and under the same procedures set forth in Section 413.036(1) and (2), Florida Statutes; and for purposes of this contract the person, firm, or other business entity carrying out the provisions of this contract shall be deemed to be substituted for the state agency insofar as dealings with such qualified nonprofit agency are concerned." Additional information about the designated nonprofit agency and the products it offers is available at <http://www.respectofflorida.org>.

The Contractor shall describe how it will address the use of RESPECT in offering the items of bid.

5) Prison Rehabilitative Industries and Diversified Enterprises, Inc. (PRIDE):

The State supports and encourages the use of Florida correctional work programs. It is expressly understood and agreed that any articles which are the subject of, or required to carry out, this contract shall be purchased from the corporation identified under Chapter 946, F.S., in the same manner and under the same procedures set forth in Section 946.515(2), and (4), F.S.; and for purposes of this contract the person, firm, or other business entity carrying out the provisions of this contract shall be deemed to be substituted for this agency insofar as dealings with such corporation are concerned. Additional information about PRIDE and the products it offers is available at <http://www.pridefl.com>.

The Contractor shall describe how it will address the use of PRIDE in offering the items of bid.

3.14 Special Accommodation

Any person requiring a special accommodation at State Purchasing because of a disability should call State Purchasing at (850) 488-8440 at least five (5) workdays prior to the bid opening. If you are hearing or speech impaired, please contact State Purchasing by using the Florida Relay Service at (800) 955-8771 (TDD).

3.15 Eligible Equipment

The State of Florida is seeking responsible vendors to provide Air Conditioners, Room Type Window/Wall Mount as specified on the Price Sheets. Balance-of-Line items (classified as Type I products, Section 6.1 Scope and Classification) may also be offered as an available option.

All equipment offered and sold shall be new and unused and in current production. Remanufactured or refurbished equipment are not a part of this Contract. All equipment offered must conform to the technical specifications in this solicitation.

3.16 Price

Bidders shall submit complete information within the MyFloridaMarketPlace Sourcing Tool Items Tab for this solicitation including pricing and related terms. Bidders must list their installed price for each item bid along with all other information requested. For items requiring wall sleeves, the wall sleeve price shall be added to the unit price as indicated on the Price Sheets.

Failure to supply any information requested on the MyFloridaMarketPlace Sourcing Tool Items Tab for this solicitation may result in rejection of your bid.

3.17 Technical Documentation

Technical documentation, including printed technical literature, may be requested from Bidders at any time before or after contract award. Failure to supply this technical documentation when requested may result in rejection of your bid response or termination of contract.

5.4 CONTRACT SERVICE REQUIREMENTS

5.5 DELIVERY

5.6 INSTALLATION

5.7 REPLACEMENT/DISCONTINUED MODELS

5.8 PRICE ADJUSTMENTS

5.9 FACTORY SERVICE REQUIREMENTS

5.1 MyFloridaMarketPlace Electronic Catalog Requirement

Within 30 days following award, Contractor will be required to provide a completed data template that contains necessary information to enable your electronic catalog in MyFloridaMarketPlace (MFMP). This format is generally Microsoft Excel. Necessary information may include, but is not limited to, Contractor name, SKU, brand/manufacturer, product name and brief description, unit of measure, and price. Contractor shall provide this information in the format required by the MyFloridaMarketPlace third-party Service Provider. No costs or expenses associated with providing this information shall be charged to the Department, Customers, or Service Provider.

Failure to meet this requirement will result in contract termination.

5.2 Purchasing Card Program

The State of Florida has implemented a purchasing card program, using the Visa platform. Vendors may receive payment from state agencies by the purchasing card in the same manner as other Visa purchases. Visa acceptance is mandatory but is not the exclusive method of payment.

5.3 Instructions and Maintenance Manual

At the time of the delivery, the Bidder shall be required to furnish the owner one instruction and maintenance manual for each unit ordered. Bulletins, revisions, and corrections shall be supplied to each manual as they are issued by the manufacturer. Each instruction and maintenance manual shall contain definitions of terms, definition of equipment, equipment capabilities, technical descriptions of equipment operations, description of malfunction identifications, trouble shooting procedures and detailed schematic and use instructions.

5.4 Contract Service Requirements

Requests by State Agencies and Eligible Users for Product Literature, Price Lists, and Specifications must be provided within five (5) working days after receipt of written request, at no charge to Eligible Users. However, the Department reserves the right to review and approve all Product Literature, Price Lists, and promotional materials before distribution to State Agencies and Eligible Users.

5.5 Delivery

Prices bid shall include inside delivery to the ordering agency within 30 days after receipt of purchase order. Inside delivery or installation, specifying the exact location, must be requested on the Purchase Order and shall be billed to the Customer by the Contractor and shown as a separate item on the invoice with a copy of the carrier's invoice included. All products shall be clean and free from any defects or features affecting appearance, serviceability or safety of the user in normal intended use.

5.6 Installation

Where installation is required, Contractor shall be responsible for placing and installing the product at no additional charge, unless otherwise specified on the Purchase Order. Initial installation preparation shall be performed by the Contractor unless otherwise agreed upon by both parties. Contractor's authorized product and price list shall clearly and separately identify any additional installation charges. All materials used in the installation shall be of good quality and shall be free of defects that would diminish the appearance of the product or render it structurally or operationally unsound. Installation includes the furnishing of any equipment, rigging, and materials required to install or replace the product in the proper location. Contractor shall protect the site from damage and shall repair damages or injury caused during installation by Contractor or its employees or agents. If any alteration, dismantling, excavation, etc., is required to achieve installation, the Contractor shall promptly restore the structure or site to its original condition. Contractor shall perform installation work so as to cause the least inconvenience and interference with the Customers and with proper consideration of others on site. Upon completion of the installation, the location and surrounding area of work shall be left clean and in a neat and unobstructed condition, with everything in satisfactory repair and order.

5.7 Replacement/Discontinued/Updated Models

During the term of the Contract, the Contractor may submit for consideration and approval a replacement model for any awarded item. The replacement offered must meet or exceed the original solicitation specifications and must not exceed the price of the originally awarded model. It is the responsibility of the Contractor to immediately notify State Purchasing of any model updates.

5.8 Price Adjustments

Any pricing adjustment should be requested in writing and will not become effective until approved in writing by State Purchasing. If GSA prices are submitted for this contract, any GSA revision of pricing and products shall be submitted to State Purchasing with the State reserving the right to accept or reject within 30 days, or cancel the contract. Any increase accepted by GSA shall not become effective until approved by State Purchasing.

The State may, in its sole discretion, make an equitable adjustment in the contract terms or pricing if pricing or availability of supply is affected by extreme and unforeseen volatility in the marketplace, that is, by circumstances that satisfy all of the following criteria: (1) the volatility is due to causes wholly beyond the Contractor's control, (2) the volatility affects the marketplace or industry, not just the particular Contract source of supply, (3) the effect on pricing or availability of supply is substantial, and (4) the volatility so affects the Contractor that continued performance of the contract would result in a substantial loss.

Adjustments shall be based on a percentage equal to the amount of increase (or decrease) in the U.S. Department of Labor, Bureau of Labor Statistics, Producer Price Index – Commodities, Furniture and Household Durables: Room Air Conditioners (Not Seasonally Adjusted) on the date closest to the change date versus the index on the date closest to the time of the bid submittal or the last contract price change.

5.9 Factory Service Requirements

The Contractor agrees to maintain at least one factory-authorized service station and/or servicing dealer within the State of Florida to perform warranty repairs and adjustments throughout the Contract Term. Bidders must complete the Ordering Instructions form included in the Forms section of this RFX, and must maintain that document throughout the Contract Term. The Contractor shall promptly notify the Department of any changes thereto.

The Contractor may offer the State Agencies and Eligible Users “after warranty” service agreements for the maintenance and repair of goods after the initial warranty expires. The Contractor shall list this additional service as a separate item on the invoice.
