

APPLICATION FOR

THE E911 STATE GRANT PROGRAM

**W Form 3A, incorporated by reference in Fla. Admin. Code R. 60FF
- 5.003 State Grant Program, E911 State Grant Program
Application, effective 7/1/08**

15. At project completion, a final report shall be submitted based on the same reporting periods described above. The County shall determine the final completion date based on the final payment date, or the initiation date of the warranty period. Final documentation including copies of all expenditures and corresponding invoices shall be submitted within 90 days of the final report.
16. Responsibility for property and equipment obtained under a grant cannot be transferred under any circumstances. If a sale or transfer of such property or equipment occurs within three years after a grant ends, funds must be returned on a pro rata basis.
17. The grantee agrees that any improvement, expansion or other effect brought about in whole or part by grant funds will be maintained.
18. No changes or departures from the original request shall be permitted unless approved in writing by the Board. Such requests shall be submitted using the form attached in Appendix I. Any unauthorized change shall require the return of grant funds, plus any interest accrued.
19. The Board reserves the right to adjust the funds awarded based upon the minimum allowable specification for performing the needed E911 function. NG-911 network systems should include a comparative presentation of network alternatives, including applicable LEC, CLEC, County and State alternatives. All stepped pricing should be thoroughly explained including the corresponding benefits for the County and the Board.
20. Applications will be awarded based upon the priorities set by the Board as listed in Addendum I GRANT FUNDING PRIORITY LIST.
21. Quarterly reports and Request for Change forms may be faxed, emailed, mailed or delivered to the E911 Board Administrative or Technical Staff.
22. Applications must be delivered to the following address:
State of Florida E911 Board
ATTN: E911 Board Administrative Staff
4030 Esplanade Way, Suite 160E
Tallahassee, Florida 32399-0950
23. Grant funds shall be awarded in 2008-09 and is contingent on legislative release of the funding. Notification of awards will be provided as shown in the 2008-09 Fall Schedule below, but the grant funds will not be disbursed until funds are released to the E911 Board.

9. ASSURANCES

ACCEPTANCE OF TERMS AND CONDITIONS: The grantee accepts all grant terms and conditions. Grantee understands that grants are contingent upon the availability of funds.

DISCLAIMER: The grantee certifies that the facts and information contained in this application and any attached documents are true and correct. A violation of this requirement may result in revocation of the grant, return of all funds and interest accrued (if any), to the Board and any other remedy provided by law.

NOTIFICATION OF AWARDS: The grantee understands and accepts that the notice of award will be advertised in the Florida Administrative Weekly and that 21 days after this advertisement the grantee waives any right to challenge or protest pursuant to Chapter 120, F.S.

MAINTENANCE OF IMPROVEMENT AND EXPANSION: The grantee agrees that any improvement, expansion or other effect brought about in whole or part by grant funds, will be maintained. No substantial changes or departures from the original proposal shall be permitted unless the E911 Board gives prior written authorization. Any unauthorized change will necessitate the return of grant funds, plus interest (if any) accrued.

Failure to utilize grant funds as represented may jeopardize eligibility to be considered for future funding.

10. AUTHORITY

I hereby affirm my authority and responsibility for the use of funds requested.

Appendix II

NO requests for funding will be acknowledged for any items not listed in Florida Statute 365.172, Emergency communication number “E911”; paragraph (9) (shown below).

Section 365.172 (9), Florida Statutes

AUTHORIZED EXPENDITURES OF E911 FEE.—

(a) For purposes of this section, E911 service includes the functions of database management, call taking, location verification, and call transfer.

(b) All costs directly attributable to the establishment or provision of E911 service and contracting for E911 services are eligible for expenditure of moneys derived from imposition of the fee authorized by this section. These costs include the acquisition, implementation, and maintenance of Public Safety Answering Point (PSAP) equipment and E911 service features, as defined in the Public Service Commission's lawfully approved 911 and E911 and related tariffs or the acquisition, installation, and maintenance of other E911 equipment, including call answering equipment, call transfer equipment, ANI controllers, ALI controllers, ANI displays, ALI displays, station instruments, E911 telecommunications systems, visual call information and storage devices, recording equipment, telephone devices and other equipment for the hearing impaired used in the E911 system, PSAP backup power systems, consoles, automatic call distributors, and interfaces, including hardware and software, for computer-aided dispatch (CAD) systems, integrated CAD systems for that portion of the systems used for E911 call taking, network clocks, salary and associated expenses for E911 call takers for that portion of their time spent taking and transferring E911 calls, salary and associated expenses for a county to employ a full-time equivalent E911 coordinator position and a full-time equivalent mapping or geographical data position and a staff assistant position per county for the portion of their time spent administering the E911 system, training costs for PSAP call takers, supervisors, and managers in the proper methods and techniques used in taking and transferring E911 calls, costs to train and educate PSAP employees regarding E911 service or E911 equipment, and expenses required to develop and maintain all information, including ALI and ANI databases and other information source repositories, necessary to properly inform call takers as to location address, type of emergency, and other information directly relevant to the E911 call taking and transferring function. Moneys derived from the fee may also be used for next-generation E911 network services, next-generation E911 database services, next generation E911 equipment, and wireless E911 routing systems.

(c) The moneys may not be used to pay for any item not listed in this subsection, including, but not limited to, any capital or operational costs for emergency responses which occur after the call transfer to the responding public safety entity and the costs for constructing, leasing, maintaining, or renovating buildings, except for those building modifications necessary to maintain the security and environmental integrity of the PSAP and E911 equipment rooms.

Addendum I

Funding Priorities for the E911 State Grant Program

The criteria for determining acceptability for disbursement of funds from the State of Florida E911 County Grant Program will be made on a **PRIORITY** basis. County grant applications shall be prioritized based on the availability of funds, current system life expectancy, system replacement needs, and Phase II compliance per the Federal Communications Commission. There will be four (4) priorities as identified below:

PRIORITY 1: Counties with E911 Phase II systems that require immediate system replacement to maintain enhanced 911 status or when the expected life of the system is less than 1 year. Should any funds remain after provisioning for Priority 1 needs, remaining funds will be made available for Priority 2 grants.

PRIORITY 2: Counties with E911 Phase II Systems requesting consolidation of E911 PSAPs for county or regional implementations. Should any funds remain after provisioning for Priority 1 & 2 needs, remaining funds will be made available for Priority 3 grants.

PRIORITY 3: Management Information Systems including training for a functional system providing information specified in the State E911 Plan. Should any funds remain after provisioning for Priority 1, 2 & 3 needs, remaining funds will be made available for Priority 4 grants.

PRIORITY 4: Regional next generation 911 systems including routing system implementations. Should any funds remain after provisioning for Priority 1, 2, 3 & 4 needs, remaining funds will be made available for Priority 5 grants.

PRIORITY 5: Counties with E911 systems that require replacement of necessary hardware or software components for maintaining enhanced 911 status or wireless Phase II status. Should any funds remain after provisioning for Priority 1, 2, 3, 4 & 5 needs, remaining funds will be made available for Priority 6 grants.

PRIORITY 6: Counties with E911 or Phase II Systems requesting system upgrades related to next generation 911 system implementations. These may be hardware, software, network, or data base requirements. Should any funds remain after provisioning for Priority 1, 2, 3, 4, 5 & 6 needs, remaining funds will be made available for Priority 7 grants.

PRIORITY 7: County next generation 911 routing system implementations. Should any funds remain after provisioning for Priority 1, 2, 3, 4, 5, 6 & 7 needs, remaining funds will be made available for Priority 8 grants

PRIORITY 8: Regional systems including but not limited to mapping, geographic information systems (GIS) and backup system implementations. Should any funds remain after

provisioning for Priority 1, 2, 3, 4, 5, 6, 7 & 8 needs, remaining funds will be made available for Priority 8 grants

PRIORITY 9: Counties with E911, Phase I or Phase II systems that require allowable 911 expense items that are not specified above but are needed to maintain a complete 911 system. This may include hardware or software that is allowable by the statutes but not covered in Priority 1, 2, 3, 4, 5, 6, 7 & 8.

Priority 1 grants shall be funded first then Priority 2 and so forth until a priority level is reached where there are insufficient funds to fund all approved grant requests. Total funding for this priority may be adjusted based on the remaining funds available for these applications and the number of applications. The acceptability for disbursement of funds from the State of Florida E911 State Grant Program for any E911 expense items not expressly provided for in Priorities above shall be determined at the discretion of the E911 Board pursuant to its authority under Sections 365.172 and 365.173, Florida Statutes.

Funding Matrix

Awarded funding will be based on the county's financial need and the grant award may be adjusted based on the amount of capital expenditure carry forward currently available, number of PSAP positions per population, number of calls per position and/or population, the county's currently assessed LEC E911 fee and other factors including percentage use of fee revenue for call taker and personnel costs.

The Funding Matrix will be completed and used in the grant evaluation process by the E911 Board. It is included in the grant application for informational purposes. Each of the items in the Funding Matrix will scored based on a value between zero and two. The following Funding Matrix Worksheet is an example of a completed worksheet with the maximum score on all items.
