SizeRight®

One size doesn't fit all. Proper sizing is critical to proper fit, and proper fit will make your vest more comfortable. SizeRight Certified Solutions is the exclusive ABA training and support program developed to certify dealers to measure officers for proper fit of their vests. Because body armor that doesn't fit won't be worn - and if it isn't worn, it won't work.

VestCheck™

As part of our ongoing quality assurance programs, ABA routinely evaluates body armor that has been purchased and worn in the field. We have instituted VestCheck™ to continually test and report the performance level of our products. The VestCheck™ evaluation process includes the physical inspection and ballistic testing of every vest collected, as well as an in-depth review of individual officer wear, storage and maintenance habits.

Legion of Life

Our Legion of Life program encourages officers to wear their body armor by providing a no-cost replacement vest to any officer who is saved in the line of duty while wearing one of our ballistic products. ABA also makes a donation to the National Law Enforcement Officers Memorial Fund on behalf of every officer recognized by a Legion of Life incident.
